Leapfrog Technology Pvt.Ltd.

Kathmandu, Nepal.

Respected Sir/Madam,

I am writing this letter to express my interest in the fellowship opportunity at **Leapfrog Technology Pvt.Ltd.** I am excited about the opportunity leapfrog is providing to the software engineering to become much better with better skill and knowledge.

I am recently studying BIT in Herald Collage in 4th Semester. Till now I have been learning the basics of programming languages of c, python, Java, PHP, HTML, CSS, JavaScript, object-oriented programming and databases. I have worked on projects during my studies that have given me the practical experience in these areas.

I am excited about the Software Engineering Fellowship program because it helps people like me become better software engineers. I think I am ready to enter in real life projects and learn from the experienced metros to become better software engineer.

I believe that my skills and attitude make me a good fit for your fellowship program. If I get opportunity it will help to make my career much better.

Thank You for considering my application.

Hopping a positive response as soon as possible from you.

Your sincerely,

SUMIT SHAH
